

## Call for Applications: Ohio REE&E Faculty Research Travel Grants

The Center for Slavic and East European Studies (CSEES) at The Ohio State University seeks to support the research of non-Ohio State faculty teaching at a college or university in the state of Ohio whose research and teaching specialization relates to Russia, Eastern Europe, or Eurasia (REE&E). This funding is made possible through CSEES' Comprehensive National Resource Center Title VI grant from the International and Foreign Language Education division of the U.S. Department of Education. Up to \$900 in research related travel funds are available to defray the costs of conducting research at a library or archive in Ohio or an adjoining state. Funds can be used to cover mileage, per diem, or lodging costs between October 13, 2019 – August 14, 2020 and will be provided as an expense reimbursement.

**Application Process:** To apply, faculty should submit: a CV; a 400-500 word description of the research project, what resources they need to access and their location, dates and plans for conducting the research, and explanation of how the research will enrich their teaching and REE&E scholarship; and a budget (template below). Applications and questions should be sent to Eileen Kunkler at [kunkler.10@osu.edu](mailto:kunkler.10@osu.edu) by September 1, 2019. Decisions will be announced by October 1, 2019.

**Budget:** Please note that CSEES must adhere to both Ohio State and federal grant policies and regulations in terms of travel. If requesting mileage, \$.58 is the effective reimbursement rate through December 31, 2019. For lodging and meals, CSEES cannot cover expenses greater than the established GSA maximums based on location of the activity: <https://www.gsa.gov/travel/plan-book/per-diem-rates>. If selected for funding, CSEES staff will work with the selected faculty members in advance of the travel to complete mandatory OSU forms.

Expense	Amount Requested
Mileage: \$.58 x _____ miles	\$ _____
Per diem: \$ ____ x ____ days	\$ _____
Lodging: \$ ____ x ____ days	\$ _____
<b>TOTAL</b>	\$ _____
